## Power restrictions

Please note that we are off grid and generate our own power using a hybrid power station. Power can run your lights, fans, fridges and low energy consumption items.

The use of Air Conditioners, hot water systems and any electrical item with a heating element is not permitted. Please do not hesitate to contact us for more information. The use of generators is not authorised, under any circumstances.

## Water supply

All fresh water supplied to the caravan park is produced by reverse-osmosis desalination. This makes it a precious, shared resource. Please be mindful of that while taking a shower or doing your dishes. You are more than welcome to fill up your tanks. Please disconnect from the taps once tanks are filled up.

## Quiet time

Quiet time all around the park is between 10.00pm and 8.00am. Even outside of the quiet time, all guests are expected to behave in an appropriate manner and to not cause excessive noise or light pollution. You are welcome to have visitors between 8.00am and 8.00pm, they must park at the front parking area and register at the office.

## Driving responsibly

Yardie is a family holiday destination, please maintain a maximum speed of 8km/h while on the property.

## Camp fires

Due to government restrictions, camp fires at Yardie are to be organised and supervised by staff, in the designated fire area only. No exceptions.

## Evacuation measures

Fire regulations state that all RVs are to be parked on the site in a way that allows the fastest emergency evacuation. This means that drawbars have to be facing the road and easily accessible to connect.

## Pet friendly

Yardie is pet friendly. You are more than welcome to bring your best friend along ! Please make sure you have them on a lead at all times and clean up after them. Pets are strictly not allowed in all park amenities (shower blocks, camp kitchens, pool area, etc.) As for accommodation, pets are allowed only in Holiday Shacks on the verandah, not inside.
